

Product Notice

BW Product End-of-Life Notification GasAlert Extreme and Pumped Micro 5

Regions Affected: **EMEA**

Dear Customers and Partners,

At Life Safety Distribution - Honeywell Analytics, we are continuously evaluating and updating our product lines to meet the evolving gas detection needs of customers around the world. In some cases, this means discontinuing an offering and focusing our efforts on others. Based on our exciting recent New Product Introductions, the BW Solo and BW Ultra, we have decided to discontinue the BW GasAlert Extreme range and the Pumped BW GasAlertMicro 5 variants and these products will remain available until 31st December 2019.

Please note that the remaining Diffusion variants of the GasAlertMicro 5 will remain available until further notice and will not be affected by this notice.

Alternative Offering

Although the following products are being discontinued, we have enhanced alternative detectors in the BW Ultra and BW Solo ranges, to help you improve safety, ensure compliance and manage costs.

Discontinued Product	Last Order Date	Replacement Product
M5xx-xxxx-x-P-D-x-x-00 GasAlertMicro 5 Pumped – all variants	31 st Dec'19	BW Ultra
GasAlert Extreme (all variants)	31 st Dec'19	BW Solo

Service Spares and Accessories Support

We will continue to support both the GasAlertMicro 5 (pumped) and Extreme with service spares and accessories until 31st December 2021, subject to material/ spare parts availability.

If you have any questions, please contact your local Honeywell Regional Sales Manager or the Honeywell Customer Support team.

Regards

Chris Townsend
