

Cut Protection

VP210

Medium-weight work glove with a polyurethane coating, machine-knitted for cut level B/A2, featuring an integral elasticated wrist for enhanced comfort and fit.

FEATURES

- The coating provides an exceptional tacky grip in dry and light-oil conditions.
- The non-shred polymer coating and lint-free continuous filament yarn blend work together to prevent contamination effectively.
- The combination of a medium-weight liner and polyurethane coating provides outstanding cut and tear resistance, along with excellent comfort to reduce hand fatigue.

CERTIFICATIONS

- CE category ii Certificate
- EN420:2003+A1:2009
- EN388:2016 (4x43b)
- EN 388 READINGS ACTP TDM (B)
- ASTM F2992-15 (ANSI A2)
- EN 407:2004 (X1XXXXX)

CONSTRUCTION

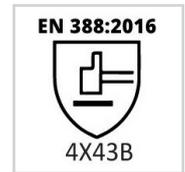

Guage	13gg
Liner	HPPE, Nylon and Spandex
Liner Color	Salt & Pepper
Coating	Polyurethane palm coat
Coating Color	Black

HAZARDS

- Abrasion
- Cut
