

Multi Purpose

Medium Duty

## The cost effective solution for light weight applications combining comfort, dexterity with ESD compatibility.

- The EDGE 48-140 glove is made of a seamless 13 gauge polyester & carbon fiber liner, with polyurethane palm coating
- Electrostatic discharge product protection due to presence of carbon fiber
- ESD certified according to EN16350 : 2014
- The coated palm also prevents the transfer of perspiration to the electronic part
- EDGE 48-140 is the practical choice for light applications where assembly & handling tasks in electronic/electrical industries
- Meets the requirements for electrostatic dissipative materials as per EN 1149-1/2/3

### Industries

- Automotive
- Electronics
- Machinery and Equipment
- Electrical

### Applications

- Final assembly of dashboard, cables and wires
- Final assembly of electronic components and mother boards

#### Key Features

- Very light and comfortable
- EDGE 48-140 is a safety glove with ESD functionality certified to EN 16350:2014, protecting products against electrostatic discharge. In addition, as part of a grounding chain they can be used in explosion hazard zones (ATEX ATmosphères EXplosives).

#### Vulcanization Chemical Accelerators

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

#### Performance Standards & Regulatory Compliance

REACH Compliant
