

Honeywell Rig Dog™ CR Gloves

Impact Protection with Cut-Resistant Palm

NEW and Improved impact-resistant gloves from Honeywell Safety Products- now with an added level of cut protection!

Introducing the new Honeywell Rig Dog™ CR with impact and cut-resistance. The Rig Dog CR gloves feature molded TPR (Thermoplastic Rubber) impact pads that are ergonomically placed to provide optimal protection in impact situations along with ANSI A7 cut-resistant palm to enhance protection against cuts and slashes. Two Rig Dog CR styles are available, the all-season MPCT2000 and the cold weather MPCT2000HD, both of which are comfortable and stylish to wear.

FEATURES & BENEFITS

- Impact-resistant TPR impact pads provide enhanced metacarpal protection from incidental impact
- TPR (thermoplastic rubber) material on knuckles and fingers help to protect against impact; TPR is also placed on key scrape-hazard areas for added protection
- ANSI A7 cut-resistant palm helps to protect wearer from cut and slash hazards
- Polyurethane (PU) slip-resistant palm features EVA foam pads for added comfort and some vibration relief
- Reinforced thumb-crotch protects the highest wear area for increased glove longevity
- Hi-Viz Spandex® fabric stretches easily for flexing to help reduce hand fatigue; bright orange color allows for visual awareness in low-light environments
- Silver, reflective piping enhances low-light visual awareness
- Hook and loop tab closure allows wearer to tighten or loosen cuff for a more comfortable and secure fit
- Style MPCT2000HD has an inner polar lining for greater thermal protection in cold temperatures , EN511 020
- Fully washable, adds longevity and helps to limit bacterial growth

The Rig Dog CR gloves feature molded TPR patches that are ergonomically placed to provide optimal hand protection in impact situations along with ANSI A7 cut-resistant palm to protect against cuts and slashes.

RIG DOG™ CR		
Part No.	Description	Available Sizes
MPCT2000	All Season Rig Dog™ CR	7S-11XXL
MPCT2000HD	Cold Weather Thermal Rig Dog™ CR	8M-11XXL

CERTIFICATION/STANDARDS

OSHA Standard - 29 CFR 1915.157

The employer shall ensure that each affected employee uses appropriate hand protection and other protective clothing where there is exposure to hazards such as skin absorption of harmful substances, severe cuts or lacerations, severe abrasions, punctures, chemical burns, thermal burns, harmful temperature extremes, and sharp objects. (see illustration above)

LAUNDERING/STORAGE

Product withstands commercial laundry-room detergents (up to pH 14) and warm water temperatures up to 120°F(49°C). Lower heat settings (up to 180°F) are suggested for drying as extreme heat may cause shrinking and degradation of fiber.

Indefinite shelf life when stored in original packaging in a cool dry place away from light. Recommended temperature range: 50°F to 86°F (10°C to 30°C).
