#### FRONTIER® FEATURES

Link Clip height adjustability enables the barrier to be connected on uneven ground, including curbs, slopes and rough terrain.

2 x in-line lamp mounting positions at either end of barrier

Stacking locator features to ensure secure stacking and easy transportation.

Unique Surepoles™ to enhance stability (sold separately)

Surepoles™ enable multiple and cross-directional barrier connections, so linking barriers can be positioned at 90 degrees to a line of barriers in 'T' formations.

Link Clip 'parking' feature neatly locks the connection system 'flush' with barrier body and helps protect the clip from damage when not in use.
