

OBERON Part # HC6P-WHT-R

PRODUCT PART NUMBER

HC6P-WHT-R

HC6P-RED-R

PRODUCT DETAILS

6 Point Suspension for Comfort

ComfortWebFit suspension

Polycarbonate Material

Ratchet Adjustable suspension

Replaceable Sweat Band

Available in Red or White

PRODUCT DESCRIPTION

Oberon Slotted Hard Cap offers maximum durability & protection .

FEATURES AND BENEFITS

The Oberon Polycarbonate Hard Cap (Model: HC-6P) has been independently tested and certified to comply with the ANSI/ISEA Z89.1 and the CSA Z94.1 safety standards. The Oberon Hard Cap is a TYPE 1 Hard Cap, which means it has been designed and tested to “reduce the force of impact resulting from a blow only to the top of the cap.” A Hard Cap provides limited protection, but is not a substitution for “good safety practices and engineering controls”. The HC-6P cap is NOT a TYPE II cap, which means that they are not designed to provide protection against impact to the side, front or back of the cap.
