

Previously known as: PowerFlex® 80-600

Cut

Heat

Heavy Duty

## Excellent cut resistance, with comfort & grip

- Ansell's ActivArmr 80-600 glove is to safely handling glass, metal and plastics. It offers exceptional cut resistance and robust overall mechanical performance plus superior comfort.
- ActivArmr 80-600 glove is rated at the exceptionally high cut level of EN level 4. This high level of protection is achieved through the Kevlar® knitted liner and natural rubber coating. This coating stands up very well to abrasion, tearing and punctures.
- The latex coating's raised crinkle finish gives the glove an excellent grip in both dry and wet conditions.
- Silicone-free ActivArmr 80-600 gloves prevent fingerprints on warm insulation glass, leaving surfaces clean and eliminating the need for extra cleaning.

### Industries

- Metal fabrication

### Applications

- Forging operations
- Extruding, bending and punching shapes

Previously known as: PowerFlex® 80-600

### Key Features

- The latex coating's raised crinkle finish gives the glove an excellent grip in both dry and wet conditions
- Silicone-free ActivArmr 80-600 gloves prevent fingerprints on warm insulation glass, leaving surfaces clean and eliminating the need for extra cleaning
